

## COOKIE POLICY FOR WWW.ROCKSTARSWIMMING.CO.UK

### INFORMATION ABOUT OUR USE OF COOKIES

Our website uses cookies to distinguish you from other users of our website. This helps us to provide you with a good experience when you browse our website and also allows us to improve our site. By continuing to browse the site, you are agreeing to our use of cookies.

A cookie is a small file of letters and numbers that we store on your browser or the hard drive of your computer if you agree. Cookies contain information that is transferred to your computer's hard drive.

We use the following cookies:

- **Strictly necessary cookies.** These are cookies that are required for the operation of our website. They include, for example, cookies that enable you to log into secure areas of our website, use a shopping cart or make use of e-billing services.
- **Analytical/performance cookies.** They allow us to recognise and count the number of visitors and to see how visitors move around our website when they are using it. This helps us to improve the way our website works, for example, by ensuring that users are finding what they are looking for easily.
- **Functionality cookies.** These are used to recognise you when you return to our website. This enables us to personalise our content for you, greet you by name and remember your preferences (for example, your choice of language or region).
- **Targeting cookies.** These cookies record your visit to our website, the pages you have visited and the links you have followed. We will use this information to make our website and the advertising displayed on it more relevant to your interests. We may also share this information with third parties for this purpose.

We use cookies on our website, among other things, to keep track of your preferences, conduct support and debugging, understand the duration of user's session, authenticated session for our Answers system, save from which country users are using the Website, including for E-commerce applications and mobile editors, and to estimate and report our total audience size and traffic. We also use cookies to improve the content and services we provide to its users.

We use clear gifs (Web Beacons / Web Bugs) which are tiny graphics with a unique identifier, similar in function to cookies. In contrast to cookies, which are stored on a user's computer hard drive, clear gifs are embedded invisibly on Web pages and are about the size of the period at the end of this sentence. We may tie the information gathered by clear gifs to our customers' personal information if you choose to provide such information to us.

We use local shared objects, also known as Flash cookies, to store your preferences or display content based upon what you view on our site to personalize your visit. Flash cookies are different from browser cookies because of the amount of data, type of data, and how data is stored. Cookie management tools provided by your browser will not remove Flash cookies.

Please note that third parties (including, for example, advertising networks and providers of external services like web traffic analysis services) may also use cookies, over which we have no control. These cookies are likely to be analytical/performance cookies or targeting cookies.

If you want to delete or block any cookies, please refer to the help and support area on your internet browser for instructions on how to locate the file or directory that stores cookies. Information on deleting or controlling cookies is also available at [www.AboutCookie.org](http://www.AboutCookie.org). Please note that by deleting our cookies or disabling future cookies you may not be able to access certain areas or features of our Website.
